DAP® 3.0™ HIGH PERFORMANCE SEALANTS

Product Fact Sheet

DAP® 3.0™ High Performance Sealants are DAP's most technologically advanced line of sealants. Specially formulated with premium performance technology to seal out air, water, moisture and the elements to protect against water and mold damage and improve energy efficiency.

DAP 3.0 Sealants are permanently flexible with superior adhesion so they won't shrink, crack, crumble, break down or wash away, and provide a long-lasting, durable seal. Unlike other types of sealants, DAP 3.0 sealants are paintable, easier to gun even in cold temperatures, less stringy, and offer better UV resistance.

They are the perfect choice for professional contractors and do-it-yourselfers looking for time-saving, worry-free solutions to all of their caulking and sealing needs.

- 100% waterproof & weatherproof
- 30 minute paint & water ready*
- Permanently flexible
- Shrink & crack proof
- Extreme temperature application: 20°F to 120°F
- Easy to apply & tool
- Low odor and VOC compliant
- UV resistant, won't crumble, chalk or wash away
- Lifetime guarantee

Designed to address a wide range of sealing applications in and around the home:

DAP 3.0 Window, Door, Trim and Siding Sealants

- Formulated with greater flexibility and adhesion to endure extreme joint movement, harsh weather and temperature fluctuations without cracking or losing adhesion
- Ideal for sealing windows, door frames, corner and butt joints, siding, trim, and molding, pipes, ducts and vents
- Outstanding adhesion to fiber cement, vinyl, aluminum, wood, metal, brick and stucco
- Extreme temperature application: 20°F to 120°F
- 30 minute paint and water ready so you can finish your project faster
- Available in 9.0 fl. oz. standard cartridge size in white and crystal clear

DAP 3.0 Kitchen, Bath & Plumbing Sealants

- Ideal for sealing tubs, showers, sinks, backsplashes, counter tops and plumbing fixtures to keep out water and moisture and prevent leaks and water damage
- Outstanding adhesion to wood, ceramic tile, porcelain, glass, metal, fiberglass, polystyrene, granite, marble, stone
- Safe for granite and marble – will not stain surfaces
- 10 year mold and mildew resistance guarantee backed by MICROBAN® Antimicrobial Product Protection to fight the growth of stain and odor-causing bacteria, mold and mildew on the sealant
- 30 minute paint and water ready so you can use your shower sooner
- Crystal clear color allows surface beauty to shine through
- Available in 9.0 fl. oz. standard cartridge size in gloss, gloss biscuit and crystal clear

DAP 3.0 Self-Leveling Concrete & Masonry Sealant

- Self-leveling formula eliminates the need for tooling
- Does not sag or flow into areas that do not need repairs, so less product is needed – saving time and money
- Ideal for filling and sealing horizontal cracks and gaps in sidewalks, concrete driveways, above-ground foundations, patios, concrete steps, garage floors and other concrete surfaces
- Adheres to concrete, masonry, mortar, stone, brick, wood and other construction materials
- Extreme temperature application: 20°F to 120°F
- Paint and water ready in 1 hour without washing out or bubbling
- Available in 9.0 fl. oz. standard cartridge size in gray

DAP 3.0 Gutter & Flashing Sealant

- Can be applied to wet or dry surfaces
- Ideal for sealing seams, joints and gaps on gutters, flashing, drain spouts, lap joints, vents and other metal joints
- Superior adhesion to metal, vinyl and powder-coated materials
- Extreme temperature application: 20°F to 120°F
- 30 minute paint and water ready
- Crystal clear color blends with most building material substrates for a better finished appearance
- Available in 9.0 fl. oz. standard cartridge size in crystal clear

**DAP 3.0 Concrete & Masonry Sealant is paint and water ready in 1 hour*
